

Social Responsibility Policy

SAS is committed to recognising our responsibilities to all our stakeholders which include Clients, Suppliers, Employees and other Contractors we work beside on projects.

We have a duty to be fair and respectful to all stakeholders irrespective of any differences. To achieve this we have committed to key stakes:

- Legal conformance in all our business dealings
- Sustainability and Environmentally ecological in all our activities and all advice we provide
- Social Responsibility in providing jobs and work to suppliers
- Safe and Healthy work place through clear processes and procedures
- Equal Opportunities by employing and allocating work based on only ability
- Mutual Respect by resolving conflict quickly and being accountable for our actions

We will endeavour to employ a supply chain that ensures maximum Social Responsibility and Respect.

Within a Lean Management Environment we will strive to make Continues improvement in every aspect of our business. This will form part of every Management Review.

The management will review this policy annually.
